"S'up!"

Life is carrot-and-stick

Take control of the horse of time with a gallop (gallop)

No matter what (fuu fuu~)

If you don't have fun on your path (fuu fuu~)

You'll just look like a fool

10 · 100 · 1000 · 10,000 (100,000,000 · 1,000,000,000,000!)

10 · 100 · 1000 · 10,000x (100,000,000 · 1,000,000,000,000!)

Let's do it (hai), let's do it (hai), let's be greedy

Heaven's vengeance is slow but if we sing and dance

Our justice will win

Boys always have a fiery heart

Never gonna forget this moment

Girls always want to see you, know you,

Talk together about dreams

Dreams of the same color

Let's go!!!

It's an adventure! Den den den den passion! Adventure?

R-R-R-R let's push on! (Telepathic denpa)

Let's grab (hai) onto more fun (hai hai)

Bravo! Pare pare pare sa (So joyous, ha ha!)

Somehow something will come from it~ Come from it! It will, it will, it will!

R-R-R-R we're friends! (A great man's legend!?)

Even if we are lead across the world

Just like always we'll all be tied together

Shout Den Denpassion

Streeeeeeetch!

My body stretches as far as it can

With exercises and a skip (skip)

No matter what (fuu fuu~)

The animal trail is (fuu fuu~)

The steep idol road

Where is our youth, it is there, it is here

Live lively in this moment

Girls will lead you somewhere, leap with you

Cross over dreams, in their dreams, on the same path

Follow us!!!

It's a challenge! Den den den den pulsar! Supernova?
R-R-R-R I'm going numb! (Contagious denpa)
Let's forget (hai) **the embarrassment** (hai hai)
We'll knock it, knock it, knock it away (Domination over superiors, ha ha!)
We'll become, become audacious, tenacious! We will, we will, we will!
R-R-R-R we're friends! (An ancient Japanese legend!?)
We're going to start something all over the world
We're a bit uncool, but that's our bond with you
It's fun Den Denpulsar

"I wonder if everything will be alright..."
"I'm uneasy..."
"It is a harsh world after all."
"We even said "Don't mess with us!" too."
"It'll be fine! Everyone is here, and we're all friends!"
"Eitasa is so energetic~..."
"Ah, it's going to start soon."

HEY! YO!! Denpa check, one two!
From here it's going to start in the midst of the story
We're going to shake the world in the sensational limelight
We'll continue on thankful for each ALIVE DAY

SO! SO!! Raised on the streets of AKIBA
We're leaving the nest
From nothing to **No.1**
We'll grab them with this **number**
Our time has **come**
Our popularity will **rise**
We'll create a **BIG BANG!!!**

Our hearts are always burning along **with boys**
We'll share **this moment**
Girls always want to **dream and eat the same dream with you**

We have no choice but to go on!!!

It's an adventure! Den den den den passion! Adventure?
R-R-R-R let's push on! (Telepathic denpa)
Let's grab (hai) **onto more fun** (hai hai)
Bravo! Pare pare pare sa (So joyous, ha ha!)
Somehow something will come from it! Come from it! It will, it will, it will!
R-R-R-R we're friends! (A great man's legend!?)
Even if we are lead across the world
Just like always we'll all be tied together
Shout Den Denpassion
